

# Sigrids Fuchsienseite

## Short description of the categories

### **Fuchsienpflege** (fuchsia care)

Some 13 pages about fuchsia care. They are completely written in German language, so I don't think that they will interest you.

### **Neue Bilder** (new pictures)

Two pages of the newest fuchsia pictures. Click "*Weitere Bilder*" to open the second page.

### **Fuchsienliste** (fuchsia list)

Alphabetical list of all cultivars published on my homepage. Each cultivar has got its own page. Not official names are listed at the end and marked with (\*\*). Click on a blue name to go to the page of this cultivar. You can then click on "*Vorherige Fuchsie*" to move backwards, or "*Nächste Fuchsie*" to move forwards in the alphabetical order. A black name in the fuchsia list means that I will publish pictures of this cultivar later on. Please send me an email if you are interested on pictures of some of these cultivars.

### **Fuchsiengalerie** (fuchsia gallery)

List of all photo's sorted by front letters. Click on a letter to open a page, and then click on the arrows to move backwards / forwards or click on another letter to open a specific page.

### **Diaschau**

### **Kreative Bilder** (creative pictures)

Creative pictures and paintings of fuchsias.

In the subcategories "*Skizzen A-L*" and "*Skizzen L-Z*" you'll find some kind of pencil drawings.

### **Private Kreuzungen** (private crossings)

A German description of fuchsia- crossings, which haven't been introduced yet.

### **Bilder schicken** (sending pictures)

I highly appreciate every good picture of a fuchsia flower which has been sent to me and I'll try to publish it on my website as soon as possible. If you want to share your fuchsia pictures with other fuchsia friends: Please use the English form.

### **Gästebuch** (guestbook)

The guestbook is written in German, but you can change the language by clicking on the arrow on the right hand side of "*international*". After this you have to click on the button "*wechseln*" on the right hand side of the arrow. After writing your message, please first click on "*preview*" and then on "*submit*".

### **Kontakt** (contact)

If you want to write me an email: Please use the English form. Notice that I cultivate my fuchsias only as a private hobby. I neither sell fuchsias nor am I able to send plants or cuttings. Notice too, that I can't answer any questions about fuchsia care, because my English is not good enough for this and the care conditions in your country might be totally different to the conditions I know.

### **Emails**

A list of my emails which were impossible to transmit or haven't been answered yet. A feedback to my emails is very important for me, because otherwise I don't know whether the transmission was successful or not. If you find your name there (without having received an email from me), please try to contact me again.

### **Impressum** (imprint)

You'll find the links to the German and English disclaimers on the page "*English version*".
